Phone: 858.215.1622

Description:

R&D Robotics Education is a 501(c)(3) that organizes, funds, and mentors students in the FIRST Tech Challenge (FTC) program. We are looking for mentors to work with the students and guide them through their season, including mechanical, software, electronics, program management, and other mentors. Additionally, we're looking for volunteers to come by to give a short (30 minutes + Q&A) presentation on an engineering or education topic. The teams meet on weekday evenings after 6:30pm and Saturdays at Francis Parker School, 6501 Linda Vista Rd, San Diego 92111.
